SPRING 2021 newsletter

Hi First Name!

It's springtime, and that means lots of opportunities to earn money by helping with spring cleaning. After a long winter, your parents or guardian could use your help getting your home in tip-top shape, and they may be willing to pay you for the chores you do. If you do a great job, you might even get to do certain chores every week and earn money on a regular basis.

Earning your own money is fun and exciting. But, it requires some hard work, and you have to be dependable by doing your chores well and doing them on time every week. Between doing chores, finishing your homework, and taking time for sports, music lessons or just play time, your schedule can get very crowded. Be sure you schedule your time well so you can finish what you start. If you do, you'll be rewarded with a savings account that you can be proud of. Check out some ideas on the next page to get started!
