## SUMMER 2022 newsletter

Hi <First Name>!

Being a good money manager means that you earn, save and spend your money in a way that will give you the results you're hoping to achieve. The best plan you may have for your money can be wrecked with just one bad spending decision.

An impulse purchase can cause you to restart your savings plan all the way back to where you first began, no matter how long you've been earning money, and no matter how much you've saved. It's very important that you plan your purchases and never allow a bad decision to ruin what you've worked so hard to achieve.

When you succeed with your money, you'll be glad that you've saved enough to buy exactly what you were saving for all along.

Keep saving  
and spend  
responsibly!

## ASK PENNY!

Hi Penny! Just when I think I'm getting good at spending money, I see something I like, spend nearly all of my savings and totally blow up my plan. Can you help?

-Adele

## COINDEXTER CHALLENGE

Your challenge for this issue is to avoid impulse spending. It's harder than you might think, so be careful.

Always keep your money in a safe place and never take your savings with you where you might be tempted to spend it. Make a solid money plan and stay with it. You'll be glad you did!
