

## **Counterfeit Check Alert 10-23-09**

Counterfeit Georgia's Own Cashier Checks are being used in a work from home scam. A position is offered via internet (Virtual Assistant, etc.) and the victim is asked to process various checks through their personal account. THIS IS A SCAM!!

If you are still unsure whether or not your check is legitimate, fax it to 404-881-2164 along with your contact information (phone and email) and someone from our Risk Management area will contact you. Again, if you received the check as part of a work from home offer, it is counterfeit!
