

Text Message Fraud: May 11, 2010

Today, we have had reports of members receiving a text message from 36245 requesting to call 866-551-8919. The electronic voice verifies itself as Georgia's Own and requests the member's VCC #, pin and expiration date. These text messages are NOT coming from Georgia's Own and you should NEVER reveal your card number, either verbally or through your phone's keypad, in a phone call that you did not initiate. **If you receive a similar text message, please note the incoming number and contact our Member Services Department immediately at 404.874.1166 (800.533.2062).**
